## RAVENOL Frostschutz für Druckluftbremsen

**RAVENOL Frostschutz für Druckluftbremsen** is Air Brake Antifreeze to prevent freezing of compressed air brake system in winter, thus preventing malfunctions in compressed air systems.

**RAVENOL Frostschutz für Druckluftbremsen** is a mixture of aliphatic alcohols and corrosion inhibitors.

**RAVENOL Frostschutz für Druckluftbremsen** is a bonding agent against condensation in the piping system. Contains especially protective additives against corrosion and improves lubrication of brake valves.

### Application Notes

Keep Container of the pump filled or refill as needed depending on the season and use.

Pay attention to the operating instructions of the manufacturer.
